M-Enabling Summit Announces New Conference Dates in September

BETHESDA, MD (March 17, 2020) – The **M-Enabling Summit** leadership team, organizers E.J. Krause & Associates and G3ict, have been monitoring the COVID-19 situation very closely as it has affected many conferences and major events. While conferences and business events are critical to the development of our industry, the health and wellness of our participants is our top priority. After consulting with our key stakeholders, we have decided to take a proactive approach and postpone the **M-Enabling Summit** to September 14-16, 2020. We believe moving the **M-Enabling Summit** to September is in the best interest of all our participants. We are proceeding as planned with all conference and event activities during the new dates. The Summit will continue to be held at the Renaissance Arlington Capital View Hotel in Arlington, VA.

With its theme of “*Digital Inclusion Strategies: A Catalyst for Action*”, the **2020 M-Enabling Summit** will highlight how organizations can successfully leverage innovative enabling technologies to make their digital workplaces, learning environments and product and services accessible to users of all abilities.

The issues and solutions discussed at the **M-Enabling Summit** are not only impactful, but also transformative. We look forward to providing a successful and powerful platform for all implementing digital accessibility strategies.

Registration is currently open. For additional information on participation please visit m-enabling.com

**Please note: Registration will be honored in September for any currently registered participants*

About E.J. Krause & Associates:

For more than 30 years, E.J. Krause & Associates, Inc. (EJK) has been a worldwide leader in exhibition and conference management. EJK is one of the largest privately held exhibition management companies in the world, with offices on three continents. EJK produces a growing portfolio of over 40 events, serving 14 different industries. EJK excels in creating global brand leading events, bringing companies together to network and generate business.
